- **Description: Options for Expanded Polices Services**

- **Recommendation: Staff – Approve (X) Disapprove ()**

- **Summary/Explanation:**

During the FY25 budget process, staff budgeted expenditures to expand Police Services provided by the County for Dardenne Prairie. Four (4) options were identified by the County to meet our needs for more police presence and traffic/safety enforcement in our community and in our neighborhoods (Attached).

My recommendation is to contract for Option 4. This option provides for two officers for 40 hours per week.

Two officers through the week with staggered schedules will be able to team up and address problem areas affected by traffic violations, school zone enforcement, excessive calls for service, and problem residences within the city and provide greater police visibility in our community. As liaisons to the City, these officers will attend and coordinate police presence at certain events like subdivision homeowners' association meetings, Board of Aldermen meetings, Dardenne Prairie Days, police department walk and talks, and community engagement events.

- **Budget Impact:** (revenue generated, estimated cost, CIP item, etc.)

Option 4: \$271,156.28 additional cost. An additional \$348,326 was budgeted for FY25.

Dardenne Prairie – Additional Police Services Dec. 2024

Option #1

16 hours daily - Additional officer during the already agreed upon service periods (7:00 am – 3:00 pm and 6:15 pm – 2:15 am, 7 days a week)

This option will essentially double the services that the City of Dardenne Prairie is currently receiving. The increased police presence would allow for greater viability in city subdivisions, traffic enforcement, and reduced response time for calls for service. This option would require the Police Department to hire several additional new officers to fulfill this request.

Option #2

12 hours daily – Additional officer during dayshift (6:15 am – 6:15 pm, 7 days a week)

This option would provide additional dayshift police presence in the City of Dardenne Prairie every day. The increased police presence would allow for greater viability in city subdivisions, traffic enforcement, and reduced response time for calls for service during dayshift. This option would require the Police Department to hire at least two (2) new officers to fulfill this request.

Option #3

8 hours daily, Monday – Friday – Additional officer, 40 hours weekly (8:00 am – 4:00 pm proposed schedule)

This option would allow for a dedicated Police Officer for the City of Dardenne Prairie to liaise between City leaders and Police Department Command. A dedicated employee such as this would provide a more personalized approach to providing police services for the City of Dardenne Prairie. We envision this officer would coordinate police involvement in City activities and events, such as subdivision homeowners association meetings, Dardenne Prairie Days, police department walk and talks, community engagement events, etc. This option would require the Police Department to hire one (1) new officer to fulfill this request.

Option #4

8 hours daily, Monday – Friday – Two (2) Additional officers, 40 hours each weekly (7:15am-3:15pm and 10:30am-6:30pm)

With the addition of 2 officers that work typical business hours/days, it will allow for a more tailored approach to contract policing within the city. Two officers through the week with staggered schedules will be able to team up and address problem areas that are affected by traffic violations, school zone enforcement, excessive calls for service, problem residences, and other traffic/criminal related issues within the city. These officers will be a direct pipeline to Commanders at the Police Department which lends to a more efficient and personalized approach to policing and directed patrols. As liaisons to the City, these officers will attend and coordinate police presence at certain events like subdivision homeowners' association meetings, Board of Aldermen meetings, Dardenne Prairie Days, police department walk and talks, and community engagement events. General benefits of these positions include enhanced traffic enforcement, courtroom security, and increased communication with City leaders and officials. Individualized and consistent relationships with neighborhoods, businesses, and City employees provide a more personal approach to law enforcement and the benefits can produce significant dividends to constituents.

**Request for Board Action
By: Alderman Widaman**

Ward 3

- **Description:** Request board consideration to a revision to B.2 in the City Code Section 110.195 to establish a protocol that at least one member from the impacted ward be required to be included as a cosignatory on the RBA

- **Recommendation:** Staff – Approve () Disapprove ()

- **Summary/Explanation:**

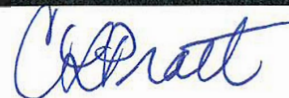

In an effort to prevent members of the Board of Alderman from impacting residents or property in a different ward I propose City Code Section 110.195 Subsection B.2 be amended. I am recommending we amend this to establish a protocol that at least one member from the impacted ward require to be included as a cosignatory on the RBA, or at the very least both Alderman from the impacted ward are notified before submission of the RBA.

Given the residents only vote for the alderman in their ward to represent them, it seems reasonable that Alderman from another ward shouldn't be able to independently propose efforts to impact residents and/or property in a ward they are not elected to represent. Furthermore, Aldermen don't have any recourse with voters from a different ward.

- **Budget Impact:** (revenue generated, estimated cost, CIP item, etc.)

Savings Clause: Nothing contained herein shall in any manner be deemed or construed to alter, modify, supersede, supplant or otherwise nullify any other Ordinance of the City or the requirements thereof whether or not relating to or in any manner connected with the subject matter hereof, unless expressly set forth herein.

SECTION 4. Severability Clause: If any term, condition, or provision of this Ordinance shall, to any extent, be held to be invalid or unenforceable, the remainder hereof shall be valid in all other respects and continue to be effective and each and every remaining provision hereof shall be valid and shall be enforced to the fullest extent permitted by law, it being the intent of the Board of Aldermen that it would have enacted this Ordinance without the invalid or unenforceable provisions. In the event of a subsequent change in applicable law so that the provision which had been held invalid is no longer invalid, said provision shall thereupon return to full force and effect without further action by the City and shall thereafter be binding.
