She offered her appreciation to Mr. Dienoff for his information related to the MODOT right of ways.

Alderman Wilson thanked city staff for all their assistance. He also thanked everyone for the success of the back to school fair.

Alderman Detweiler thanked the city engineer for getting the crosswalk restriped in the Lewis and Clark subdivision.

Mayor Widaman mentioned the success of the back to school fair and thanked staff and Alderman Wilson for his vision and leadership. He mentioned the hiring of the new IT manager marks a strategic shift in how we support our residents and manage day-to-day operations. Rose will be focusing on everything from IT systems to communications whether it's social media, email, text alerts, or other digital platforms to unify the communications strategy, improve transparency, and strengthen engagement with residents. He asked her to prepare a 90-day assessment of where we stand, where

we're headed, and how we can get there. He asked for everyone's patience and cooperation as these changes roll out. Mayor Widaman thanked City Clerk Clark for her twenty years of service. He also thanked everyone for coming out, Mr. Dienoff for his comments and the St. Charles County police for their attendance at the meeting.
